## WELCOME TO AUSTRALIA

"Still round the corner there may wait  
A new road or a secret gate,  
And though I oft have passed them by,  
A day will come at last when I  
Shall take the hidden paths that run  
West of the Moon, East of the Sun"  
– J. R. R. Tolkien

### **Life Continuously Offers Pathways & Right Qualification Offers Better Future**

Life is a continuous journey of seeking and choosing the pathway that best suits your life goals and values. Gaining the right qualification help you meet your career goals in an everchanging and competitive global job market and see yourself in a rewarding career.

Australia offers a professional qualification that makes a difference. Australian qualification allows you to gain appropriate knowledge, understanding and skills with the relevant Australian standards. Furthermore, the Australian qualification enjoys an international recognition and reputation.

If you are new to Australia or a newly arrived skilled migrant in Australia, Qualification Australia can help you obtain the most suitable Australian qualification or get your overseas qualification or work experience recognised to work in your area of expertise in Australia.

## ABOUT AUSTRALIA

Australia is an independent Western democracy with a population of more than 22 million. It is one of the world's most urbanised countries, with about 70 per cent of the population living in the 10 largest cities. Most of the population is concentrated along the eastern seaboard and the south-eastern corner of the continent.

Australia's lifestyle reflects its mainly Western origins, but Australia is also a multicultural society which has been enriched by over six million settlers from almost 200 nations. Four out of ten Australians are migrants or the first-generation children of migrants, half of them from non-English speaking backgrounds.

**QUALIFICATIONS AUSTRALIA**

*Bridge your Pathway*

## QUALIFICATIONS AUSTRALIA

Qualification Australia is about the skills and knowledge you've gained through education, work and/or life experiences. For example, working in an office could help you get a certificate in business administration. Working on a farm could count towards a qualification in agriculture or mechanics. Working as a volunteer with teenagers may get you a certificate in youth work. This applies for both paid and unpaid work.

If you're thinking about studying or training, think first about what skills you already have. You may be able to reduce the time it takes to get your qualification and may not need to study at all.

Qualification Australia courses/programs are formally accredited which are Nationally Recognised. Nationally Recognised Training is a formal process to ensure training meets the standard required by the Australian industry.
